

ACE Enrichment

All pupils have Enrichment sessions where various activities are available helping to build pupil confidence and develop other skills.

The aims of the curriculum are:

- To give students the opportunity to develop and improve their communication and social skills.
- Providing student's access to interesting and exciting activities that they wouldn't normally have access to in their traditional lessons.
- To improving pupil's confidence, resilience and self-esteem through a variety of activities and opportunities.
- Helping to prepare students for post 16 and adult life by equipping them with crucial life skills.
